# Get on the fast track to success through Authorized NetApp Training!

## NetApp Authorized Training Programs

As a NetApp Authorized Learning Partner Fast Lane offers the full NetApp curriculum in more than 60 countries and 12 languages. Fast Lane can also offer private, onsite sessions of these hands-on training programs at your location or delivered virtually to a dispersed audience. All our instructors are NetApp certified specialists with extensive practical experience in the data center and storage environment.

## NetApp Training Units

NetApp Training Units (TUs) are accepted as payment for all Fast Lane delivered NetApp courses. Simply quote your NetApp PO number when registering for a course. One day of training requires 12 TUs per student.

## NetApp Storage & Data Center Labs

NetApp training extends far beyond classroom theory, enabling every course participant opportunities to gain hands-on experience installing, configuring, and troubleshooting these systems. Fast Lane offers you unique lab environments for NetApp storage and FlexPod solutions.

## Exercise based NetApp self-paced Labs

We can offer you the opportunity to redeem your NTU's with our exclusive exercised based NetApp self-paced Labs! You can tailor your lab experience to your individual needs, you can also repeat exercises, you have complete control to maximize your NetApp Learning Lab experience. Visit <http://www.flane.co.uk/self-paced-netapp-labs> for further information.

## NetApp Partner Award

Fast Lane received NetApp's Partner Award for our creative use of NetApp technologies, particularly around FlexPod, in our remote lab infrastructure and the delivery of multi-vendor courses. These multi-vendor environments enable training participants to access specific courses that prepare them for using NetApp, Cisco, VMware and Microsoft technologies in the workplace.

## FlexPod Curriculum

As an authorized training partner of Cisco, NetApp, VMware and Microsoft, Fast Lane is uniquely positioned to help you gain the cross-vendor knowledge and skills you desire. We've combined the best sales and technical information from these leading companies and added the key information developed by our outstanding team of certified instructors from around the globe to create a powerful curriculum to help you sell, prepare for and deploy comprehensive FlexPod Solutions.

## Delivery Methods

Fast Lane offers several delivery methods.

ILT - Instructor-led Classroom Training

ILT sessions are conducted in a physical classroom environment.

ILO - Instructor-led Online Training

ILO sessions are conducted via WebEx in a VoIP environment.

FLEX™ Classroom - Combined ILT & ILO

Taking you direct into a live instructor led classroom environment without compromising on quality, learning experience or knowledge transfer.

Guaranteed Dates

With Fast Lane's Guaranteed Dates schedule you can book your training with the safety and reassurance that your course will not be cancelled or rescheduled.

Private Onsite Training

Fast Lane can deliver any course as a private onsite program. Contact us to discuss your specific training needs and let us customize the right program for you.

## NetApp Certifications

NetApp certification is proof that you have the skills necessary to manage and deploy NetApp technologies to best meet the demands of your company. The NetApp certification program offers data storage and data management professionals a strong foundation and a comprehensive range of specializations from which to choose. Fast Lane delivers the courses you need to prepare for the certification you desire!

## Unique Programs and Tools for NetApp Partners

### Clustered Data ONTAP Installation Workshop

Exclusively for NetApp and NetApp partner PSEs we offer a Clustered Data ONTAP Installation Workshop. This workshop prepares you to deliver clustered Data ONTAP system installation services - meeting NetApp quality standards and using NetApp best practices. After the workshop PSEs are optimally prepared to take the practical one-day Clustered Data ONTAP Installation hands-on exam which is required for authorization as an Authorized Installation Partner (AIP) or Contract Delivery Partner (CDP) and Professional Services Certified (PSC) partner program needs.

### NetApp Talent Program

We transform talented graduates into certified and highly qualified NetApp experts for your company! Our NetApp Talent Program aims to recruit and qualify certified NetApp specialists for the channel. We are not offering a simple training program, we are offering an educated person within only three months. This means that we are responsible for identifying, evaluating, educating, coaching, mentoring, certifying, and if needed replacing a candidate so that you as our customer can be sure that your investment will get you the educated and certified person you are looking for. Visit [www.flane.co.uk/talentprograms](http://www.flane.co.uk/talentprograms) for further information.

### CertiTool - Helping you to obtain and maintain your NetApp Partner Status!

With years of experience managing channel partner programs Fast Lane has developed and constructed a unique database that allows us to look after and manage your certification requirements in order to maintain, or achieve a desired partner status. We would be more than happy to come by and demonstrate the possibilities.
