Fast Lane is a well established Learning Partner within the technical space, we are also forerunners in sales enablement and business relevancy training across the Enterprise Networking, Collaboration, Security, Data Center & Virtualizations Architectures.

We provide authorised IT training courses from the leading technology vendors, such as Cisco, NetApp, VMware, Palo Alto Networks, HP, Microsoft, and many more. We also offer training around key enterprise solutions targeted at cloud, big data and analytics, and mobility solutions.

With over 1400 vendor-certified instructors, many of them multi-certified subject matter experts, combined with our state-of-the art training and lab facilities, Fast Lane offers you the opportunity to learn from the best in the business. Our technical experts have real-world experience plus access to authorized vendor content and our advanced labs provide a first-rate training experience that raises the bar for training quality.

Fast Lane offers numerous ways for you to get the training you need. Our Instructor-Led Training (ILT), Instructor-Led Online (ILO), and FLEX™ Classroom courses utilize authorized vendor and custom-developed curricula. In addition to our extensive public course schedule, we can provide private group on-site training at your choice of location. We also offer vendor-authorized E-Learning solutions to help round out and enhance your experience.

Whatever IT challenges you face, be it Partner accreditation, certification, consultancy projects, tailored training deliveries, or stand alone authorised courses we can help!

# Why Choose Fast Lane?
